

****NO QUORUM MET ****

QUORUM WAS NOT MET FOR THE JUNE 24TH 2022 MEETING.

GENERAL DISCUSSIONS INCLUDED:

- Matt Zidar of San Joaquin County discussed the adoption of the Groundwater Sustainability Plan
- 90-day notice was sent out
- Ms. Chelsea Spier of CA Department of Water Resources (DWR) addressed the members and others present and indicated that an inter-agency team is providing guidance on CEQA exemptions for groundwater recharge projects and anticipates new Executive Order regarding drought emergency by July 2022. www.calgroundwaterlive.ca.gov is a groundwater webpage with information about domestic dry wells and provides tools for determining how likely wells are to go dry. There is a new free link available for small water systems (300 connections or less).

In attendance: Myron Blanton, Andrew Watkins, Dante Nomellini, Joe Valente, Robert Holmes

The next regularly scheduled Eastern San Joaquin
Groundwater Authority TAC meeting will be held on:

AUGUST 4, 2022
